EAAE INFORMATION

New EAAE fellows

At the XVIIe EAAE congress in Rennes two new fellows were appointed. The EAAE Board welcomes Tassos Haniotis from Greece and prof. Tomáš Doucha from the Czech Republic as fellows and wants to thank them for their outstanding contribution to field of agricultural economics and the association. Tassos Haniotis is well-known for, among others, his work for the European Commission and his presence at, and contributions to many seminars and congresses. Tomáš Doucha has worked, among others, on the EU accession of the Czech Republic and educated many agricultural economists.

SEMINARS AND CONGRESSES

186th EAAE seminar 'System Dynamics and Innovation in Food Networks' 2024, 12-16 February

The seminar will be held in Garmisch-Partenkirchen. More information is available on:

<http://www.fooddynamics.org/>

10th EAAE PhD Workshop Budapest 2024, 5-7 June

The PhD workshop in Budapest welcomes PhD students at any stage of their PhD, as well as students who just completed their PhD at the time of the workshop. Both scientific program and themes will be defined in more details in the next months by the Scientific Committee. The workshop accepts two different types of submissions. In the "finished papers" submission, students present the papers that have been selected for this format (20 minutes for each presentation), and the discussion will be opened by a discussant (10 minutes for each paper) - papers will be distributed in advance. This a "classic type" of full paper submission considered by most conferences. In the "paper proposals" submissions, the time allocated for each presentation and discussion is 15 minutes. These types of submissions include a broad idea and basic research concept, presented in 5 minutes, followed by a 10 minutes discussion. A website of the workshop with detailed information (fees, location, etc.) will be available starting from October 2023. Contact: Prof. Attila Jambor Chair of the LOC, attila.jambor@uni-corvinus.hu

32nd International Conference of Agricultural Economists (ICAE 2024) 2024 2-7 August

New Delhi, India

The International Association of Agricultural Economists (IAAE) will hold its next triennial conference, the 32nd International Conference of Agricultural Economists (ICAE 2024), from 2-7 August 2024 in New Delhi, India, on the overall theme "Transformation Towards Sustainable Agri-Food Systems". ICAE 2024 will feature invited and contributed papers and sessions on topics such as healthy and sustainable diets, technological and institutional innovations, agroecology, gender roles and social equity in agri-food systems, environmental and social externalities of value chains, the true cost of food, development of a sustainable bioeconomy, and novel approaches and methods in agri-food systems research and policy analysis, among others.

Many top-notch speakers from all parts of the world have already confirmed their participation. ICAE 2024 invites submissions of Contributed papers (full paper), Contributed posters (extended abstract), Organized symposia (symposium overview), and Pre-conference workshops (workshop overview) by 15 January 2024. Details can be found on the ICAE 2024 website at: <https://icae2024.in/home/>. IAAE will support qualifying junior scholars from the Global South with accepted academic contributions through travel stipends to be allocated on a competitive basis.

ERAЕ information

The European Review of Agricultural Economics now accepts review articles, and the ERAЕ Editors welcome proposals for review articles from EAAЕ members. Review articles should provide a comprehensive and scholarly account of a topic that has direct relevance to agricultural economics (methodological or applied) and that has not recently been covered in the literature. A pre-submission enquiry is required. If you are interested in writing a review article for ERAЕ, please send an abstract, outline, and key references to erae.editorialoffice@oup.com

Q Open makes progress

Open access journal Q Open is making progress:

- We have been informed by Scopus that they have accepted Q Open for indexing. This is an important first step in being included in the major indexes and achieving an impact factor.
- We have a new manuscript transfer arrangement with the ERAЕ. Manuscripts submitted to the ERAЕ, but considered a better fit with the objectives of Q Open can now be transferred directly for consideration for publication.
- Q Open is also well on track to reach key-performance indicators on growth in the number of manuscripts and in the turn-around time for review.

Finally, we need further support from you.

Q Open invites EAAЕ members who have written a paper for the EAAЕ congress in Rennes to submit the paper to the journal. We hope to publish many of the papers before the end of the year. See our website for submission details: <https://academic.oup.com/qopen>
