10th EAAE PhD Workshop Budapest 2024, 5-7 June

The PhD workshop in Budapest welcomes PhD students at any stage of their PhD, as well as students who just completed their PhD at the time of the workshop. Both scientific program and themes will be defined in more details in the next months by the Scientific Committee. The workshop accepts two different types of submissions. In the "finished papers" submission, students present the papers that have been selected for this format (20 minutes for each presentation), and the discussion will be opened by a discussant (10 minutes for each paper) - papers will be distributed in advance. This a "classic type" of full paper submission considered by most conferences. In the "paper proposals" submissions, the time allocated for each presentation and discussion is 15 minutes. These types of submissions include a broad idea and basic research concept, presented in 5 minutes, followed by a 10 minutes discussion. A website of the workshop with detailed information (fees, location, etc.) will be available starting from October 2023. Contact: Prof. Attila Jambor Chair of the LOC, attila.jambor@uni-corvinus.hu. 32nd International Conference of Agricultural Economists (ICAE 2024) 2024 2-7 August New Delhi, India

The International Association of Agricultural Economists (IAAE) will hold its next triennial conference, the 32nd International Conference of Agricultural Economists (ICAE 2024), from 2-7 August 2024 in New Delhi, India, on the overall theme “Transformation Towards Sustainable Agri-Food Systems”. ICAE 2024 will feature invited and contributed papers and sessions on topics such as healthy and sustainable diets, technological and institutional innovations, agroecology, gender roles and social equity in agri-food systems, environmental and social externalities of value chains, the true cost of food, development of a sustainable bioeconomy, and novel approaches and methods in agri-food systems research and policy analysis, among others.

Many top-notch speakers from all parts of the world have already confirmed their participation. ICAE 2024 invites submissions of Contributed papers (full paper), Contributed posters (extended abstract), Organized symposia (symposium overview), and Pre-conference workshops (workshop overview) by 15 January 2024. Details can be found on the ICAE 2024 website at: <https://icae2024.in/home/>. IAAE will support qualifying junior scholars from the Global South with accepted academic contributions through travel stipends to be allocated on a competitive basis.

ERAE information

The European Review of Agricultural Economics now accepts review articles, and the ERAE Editors welcome proposals for review articles from EAAE members. Review articles should provide a comprehensive and scholarly account of a topic that has direct relevance to agricultural economics (methodological or applied) and that has not recently been covered in the literature. A pre-submission enquiry is required. If you are interested in writing a review article for ERAE, please send an abstract, outline, and key references to erae.editorialoffice@oup.com

Q Open makes progress

Open access journal Q Open is making progress:

- We have been informed by Scopus that they have accepted Q Open for indexing. This is an important first step in being included in the major indexes and achieving an impact factor.
- We have a new manuscript transfer arrangement with the ERAE. Manuscripts submitted to the ERAE, but considered a better fit with the objectives of Q Open can now be transferred directly for consideration for publication.
- Q Open is also well on track to reach key-performance indicators on growth in the number of manuscripts and in the turn-around time for review.

Finally, we need further support from you.

Q Open invites EAAE members who have written a paper for the EAAE congress in Rennes to submit the paper to the journal. See our website for submission details: <https://academic.oup.com/qopen>

Vacancy ERAE editor

The European Agricultural and Applied Economics Publications Foundation, (EAAEP Foundation), is seeking to appoint a new Editor for the *European Review of Agricultural Economics* for the period beginning September 2024 (or as soon as possible thereafter). The new appointment is to replace Salvatore Di Falco who will step down end of August. Candidates should have a strong research record in the discipline and proven reviewing expertise. Experience as a member of the Editorial Board of a scientific journal is an advantage. A stimulating vision regarding the position and development of the *ERAE* should accompany these scholarly requirements. The ability to work in a team and to manage deadlines effectively is definitely required. Deadline for application is February 1.

Call for papers

The Canadian Journal of Agricultural Economics invites submissions for a special issue on the economics of food price inflation, with specific reference to Canada. Articles will focus on the interaction between global events and local factors on Canadian food price inflation. We seek to deepen understanding of how factors like market concentration, government policies, trade, climate, affect food price inflation, and how inflation affects consumer welfare.
