10th EAAE PhD Workshop Budapest, 5-7 June 2024

The PhD workshop in Budapest welcomes PhD students at any stage of their PhD, as well as students who just completed their PhD at the time of the workshop. Both scientific program and themes will be defined in more details in the next months by the Scientific Committee. The workshop accepts two different types of submissions. In the "finished papers" submission, students present the papers that have been selected for this format (20 minutes for each presentation), and the discussion will be opened by a discussant (10 minutes for each paper) - papers will be distributed in advance. The time allocated for each presentation and discussion is 15 minutes. These types of submissions include a broad idea and basic research concept, presented in 5 minutes, followed by a 10 minutes discussion. Contact: Prof. Attila Jambor Chair of the LOC, attila.jambor@uni-corvinus.hu.

ERAЕ information

The European Review of Agricultural Economics now accepts review articles, and the ERAЕ Editors welcome proposals for review articles from EAAE members. Review articles should provide a comprehensive and scholarly account of a topic that has direct relevance to agricultural economics (methodological or applied) and that has not recently been covered in the literature. A pre-submission enquiry is required. If you are interested in writing a review article for ERAЕ, please send an abstract, outline, and key references to erae.editorialoffice@oup.com

Q Open information

Open access journal Q Open is making progress:

- We have been informed by Scopus that they have accepted Q Open for indexing. This is an important first step in being included in the major indexes and achieving an impact factor.
- We have a new manuscript transfer arrangement with the ERAЕ. Manuscripts submitted to the ERAЕ, but considered a better fit with the objectives of Q Open can now be transferred directly for consideration for publication.
- Q Open is also well on track to reach key-performance indicators on growth in the number of manuscripts and in the turn-around time for review.

See our website for submission details: <https://academic.oup.com/qopen>
